

ARE the valiant Democrats in this Senator's district afraid?

CARLEISLE is said to be much respected by the President.

JOHN B. GAINES is now sole proprietor of the Bowling Green Daily Times.

EX-SECRETARY FREELINGHUYSEN died at his home in New York City last Wednesday, in his sixty-eighth year, after an extended illness.

WILLIAM LAMONT, the Millwood poet, has got married, and there is a corresponding let-up in his exquisite songs of love. His muse is housed.

GENERAL GRANT is in a comparatively comfortable physical condition at present, and is able to proceed with the writing of his memoirs.

DR. T. N. WARFIELD, of Cloverport, is the Democratic candidate for State Senator in the Tenth district. He is said to be a man of more than passable ability.

COL. ROCKWELL, brother-in-law of James A. Garfield, said that among the last remarks of the murdered President was this: "I want to see old Jim Blaine."

ONE of Morgan's men died in Est-ville county last week, who had never been mentioned for any public trust; which fact, isn't it something really new under the sun?

It is reported that Mr. Cyrus W. Gates, of Calhoun, will start a new paper in that place before long. The new sheet will be independent in politics. We wish him success.

THE Bartholdi statue of Liberty Enlightening the World is on its way to this country carried by the French war steamer, Isere. Its departure from France was the occasion of a great deal of festivity and oratory.

COL. THOS. Z. MORROW, who bothered Proctor Knott on the gubernatorial stump, will deliver the oration on the occasion of decorating the Federal soldiers' graves at Cave Hill cemetery, Louisville, May 30th.

THE May Music Festival at Louisville was a success. The famous orchestra leader, Theodore Thomas spread himself in his concerts, and the Louisville people made out like they enjoyed them whether they actually did or no.

THE State Government at Frankfort have borrowed in New York a sum amounting to \$500,000, by the authority of the last Legislature. The rate at which the loan was obtained is said to show that Kentucky's credit is held in high esteem abroad.

AN entomologist in the Agricultural Department at Washington predicts the early visit of two great swarms of locusts, the thirteen and seventeen-year species, to this country, which will remain until July. No serious damage is expected from them.

A LARGE number of postmasters in Virginia will be shortly removed by the Postmaster General, and their places properly filled. The offensive occupants are Mahone men, partisans of the vilest sort. It is quite refreshing to all decent people to see Virginia thus cleansed and restored.

A MAN named Odium jumped from the Brooklyn bridge to the water below, an altitude of 135 feet, one day last week, and lost his life. He lost control of his body in the descent and struck the water sideways. The jump was intended as a feat, the jumper being a professional swimmer.

THE notorious Fred Douglass and his white wife created an unusual stir in Washington society by occupying a pew in the church the President attends. Fred is highly indignant at the remarks made about him, and rates the American people for their prejudices and mean proscription spirit.

THE First Assistant Postmaster General, Malcolm Hay, has returned from Florida, where he had been several months for the benefit of his health, and has entered upon the carrying-out of his official duties. It is estimated that Democracy will capture 15,000 post-offices within the next three months.

THE Owensboro Messenger has this to say concerning the political situation in our Senatorial district:

"The Democrats of the Senatorial district composed of Ohio, Muhlenberg and Butler counties have succeeded in getting no candidate for the place of Senator. It is reported that the Republicans will nominate Hon. E. C. Hubbard, of Hartford, who is a very strong man. This will necessitate the nomination of a man by the Democrats who can cope with him, as the district is very close and now represented by a Republican. Such a man is Col. W. H. Yost, of Greenville, one of the most powerful orators in Western Kentucky. He should be forced to make the race."

MR. DU PONT has sold his part of the Louisville Commercial, a controlling part, to a company of capitalists in that city headed by a Mr. Phelps. The paper will still be politically independent, that is, will say no when the Courier-Journal says yes. It will not likely dare to advocate again the working of convicts outside the penitentiary in hurtful hostility to free labor.

VICTOR HUGO, the great French poet and author, died at his home in Paris on Friday last at the advanced age of 83 years. His death is regarded by the French people as a national loss, and his funeral day, which is to-day, will be observed all over France. He was an intense lover of his country, and was in turn its idol. His writings are next to German Goethe's in influence and variety.

WE are in receipt of an invitation to attend the closing exercises of the Logan Female College at Russellville for the year 1884-1885, which will begin on the 30th inst. and end on the 3d of next month. The programme promises first-class entertainment. Governor Knott will deliver an address to the graduates. Logan College is an institution which Russellville and this part of the State should be not a little proud of.

SENATOR BLACKBURN denies he has had a quarrel with the President about the distribution of Kentucky patronage. The interview, he says, between him and the President, concerning the conclusion not to appoint his brother to the revenue collectorship, was perfectly civil and strictly private, and he wonders how any report of it originated, except from the morbid imagination of a lying newspaper representative. Mr. Blackburn declares himself a friend to the Government and a supporter of it.

OUR sensible and accomplished neighbor and contemporary, the Muhlenberg Echo, catches on to Judge Tom Henry Hines' war record electioneering scheme, and remarks:

"Great God! when will Kentucky have done with the men who seek to ride into offices of honor, trust and profit with no other qualifications than God's heavens to back them save and except a war record? We don't know, though, but what Tom Hines ought to have it another term, in justice to the litigants in his court, as he has undoubtedly done less work this term than any Judge who ever sat upon the bench."

THE Fourth Congressional District drew another prize Saturday, in the appointment of Judge John Cripps Wickliffe, of Bardstown, to the District Attorneyship for Kentucky. Judge Wickliffe is a skillful lawyer and a thorough gentleman; perhaps he is better equipped for the place than any of his late competitors. He received his appointment in spite of strong and numerous endorsements for Mr. Fleming. The Attorney General was schoolmate of Mr. Wickliffe, has been his friend ever since, and in recommending him was fully aware of his fitness and qualifications.

THE Revenue Reformers are taking heart on account of the recent publication of an interview with Mr. Samuel J. Randall by a New York Herald reporter. In this interview Mr. Randall announced his intention of non-opposition to a moderation of the present tariff laws, and that he thought the existing conditions of the country required such a change. The arch-Protectionist is doubtless inspired with the hope of Democratic harmony and victory in 1888. Mr. Randall also expressed an opinion that President Cleveland would make a most available Presidential candidate next time, that if renominated he would likely be re-elected. Here he again coincides with the mass of his party. President Cleveland, as the prospect now is, notwithstanding his written words averse to a second term, would be invincible four years hence.

THE protracted and remarkable contest in the Illinois Legislature to name a successor to Gen. Logan, resulted on the 19th inst. in the re-election of Gen. Logan. Gen. Logan, on being called for, addressed the assembly in a short speech, thanking them for their action, and expressing his close friendship for his worthy opponents, Morrison and Tree, and his pride that no bitterness had been exhibited in the long struggle. He said he would not go to Washington with any fire burning in his bosom or a feeling of antagonism towards any party or the present Administration. He would endeavor to represent his constituency fairly and honestly, and stand by them in all which he believed was right. We hope Gen. Logan will bear in mind these remarks at the Capitol, and severely disappoint a few Chauvinistic newspapers of his party that desired his return to the Senate on the idea that he would embarrass and prove a thorn in the side of the Administration.

JAMES RUSSELL LOWELL, the worthiest and most honorable Minister our Government ever sent out, in a dinner speech lately, spoke very favorably of President Cleveland and his policy and announced that if he had been at home in November last he would have cast his vote for the Democratic candidate for President. Mr. Lowell said pleasantly, "Though he slay me, yet will I trust him."

THE card of Col. Robert D. Allen, which we publish in this issue, should obtain the perusal and heed of every friend of popular education. We need, it has been frequently declared, the benefits of a better system of public instruction in the Commonwealth; it is a crying need, and its satisfaction will prove a better remedy than law and punishment against the severe social evils that afflict us, as prevention is better than cure or attempt to cure. The State Teachers' Association has the power to be a help or a nuisance: from what we have seen and heard of it, we cannot believe it will be the latter. Perfectly competent teachers, with a right esprit de corps, is what the people want and desire, and a plan to create and furnish such will not meet with any opposition at all from the most of the citizens of the State. A teacher that can rake and scrape together the necessary means, should not fail to attend the July meeting of the Association at Lexington, and to be enlisted as a supporter of the good cause.

GAIL HAMILTON, sore over the defeat of her friend and patron, James G. Blaine, in a North American Review article on "Prohibition in Politics," thus pitches into the Prohibitionists:

What political prohibition has thus far done may be summed up: By methods not only antagonistic, but quarrelsome even to the borders of scurrility, by misrepresentations that charity alone can attribute to misunderstanding, it has shamed its own promises, destroyed its own harmony, depleted its own ranks, vitiated its own laws, defeated the party from which all prohibitory legislation has come, enthroned the party by which all prohibitory legislation has been opposed. This it can continue to do indefinitely; but no pretension on the part of the leaders, and no delusion on the part of its followers can alter the fact that it is working in the interests of intemperance and not in the interests of temperance. No intelligent observer can fail to recognize its character and its tendency."

A Sketch of the Life of Judge Wickliffe.

Judge John Cripps Wickliffe, lawyer and soldier, was born in Nelson county, Ky., July 11, 1830. He is the son of Charles A. Wickliffe, who figured conspicuously in the councils of the State and nation; and who was also a distinguished participant in the battle of the Thames. His mother was the daughter of Christian Cripps, the adventurous pioneer, who, in May, 1778, fell while in conflict with the Indians, near Bullitt's Leap, and whose career is recorded in history. John C. Wickliffe was educated at Bardstown, and at Center College, Danville, Kentucky, in the English branches, and then commenced the study of law; on the completion of which, in 1853, he was admitted to the bar, and began to practice in the courts of Nelson and surrounding counties in connection with his father. In 1857 he entered the political arena a candidate for the Lower House of the Legislature, and was elected. In 1859 he was chosen Secretary of the Senate, and in 1861 was a candidate for re-election, but being a Breckinridge man, and committed to the policy of the seceded States, he was defeated by the "Union" party. At the breaking out of the war, he organized a fine body of young men, in Bardstown, as a company of the State Guard. In September, 1861, he left home and proceeded to Green River, having joined on the way John H. Morgan, and about four hundred followers. After being mustered into the Confederate service with his men, he was elected Captain of Company B, Ninth regiment of Kentucky Volunteer Infantry, on October 2, 1861. On the 15th of May, 1862, he was promoted to Major. At the siege of Vicksburg and Baton Rouge, when the Colonel was disabled, he transferred the command of the regiment to Maj. Wickliffe, "who," says Col. Caldwell, "fought gallantly through the remainder of the engagement."

After the arrival of the army at Murfreesboro, he went to Mississippi and Louisiana, under orders from Gen. Breckinridge, to collect the absence of the command. On April 22, 1863, he was promoted to the Lieutenant Colonelcy of his regiment. In the campaign of '64 he was engaged with his regiment in the discharge of the arduous and dangerous duties of that momentous period. His record is a proud and enviable one. He was engaged in all the encounters with the enemy in which the troops of his army participated, and won for himself honor and distinction on the field. He now resides at Bardstown, successfully following the practice of his profession. He was married November 2d, 1853, to a daughter of R. A. Curd, of Lexington. In January, 1861, he was elected Circuit Judge, to fill the vacancy caused by the death of Judge Kaysaugh, and in August, 1874, was re-elected for a term of six years. In person he is tall and of commanding appearance, being more than six feet in height and well proportioned, with that massive contour of head and feet, indicative of strong, practical intellect, the lion-like boldness and determined will. Of a sociable and obliging disposition and full of mirth, he has a keen relish for the humorous.—Courier-Journal.

The closing exercises of West Kentucky College, South Carrollton, will begin Monday night, June 1st, and close Friday night, June 4th.

A post-office has been established at Cummins Landing, on Green river, in Daviess county, called El Freida. No postmaster has yet been appointed.

The Life of Moses Cato, the wife murderer, written by B. Skinner, is for sale at fifty cents. The book contains 200 pages. It can be found at Madisonville and other points.

Heck Baker was shot and killed by James Early, near Dixon, on Saturday, May 16th. Baker was instrumental in having Early indicted for selling liquor unlawfully, and Early planned to kill Baker by taking a stand on the road where Baker was to pass. He emptied the contents of a double barrel shot-gun into Baker's body killing him instantly. Early made his escape.

The Central City Argus says: "After escaping the Owensboro jail on Sunday night, John Stroud came direct to this place and was seen here Monday night following. Here he has remained all the time, with exception of short intervals, when he takes excursions into the surrounding country, either for pleasure or health. He not only goes abroad at night, but is seen in the broad daylight, walking about town as if there was no one to molest or make him afraid. He simply defies the law and is determined no jail shall hold him."

Jack Swoope, son of George W. Swoope was assaulted by Bob Layson, at Curdsville, on Sunday of last week, with a hatchet, and dealt such a blow on the head that but little hope is entertained of his recovery. The young man had had a previous difficulty, in which Swoope got the better of Layson and Layson in turn aimed to kill him. Dr. J. P. Heaverlin, formerly of this county, was summoned to his aid and restored consciousness. His skull was badly fractured, and at least a spoonful of brains oozed out of the wound. At this writing Swoope is still alive. Layson made good his escape.

A fishing party that went from here Tuesday to Pond river, near the railroad bridge, pulled out of the river some very suspicious looking bones. We saw Mr. J. T. Reynolds, who was one of the party, and he says he could not tell positively, but thinks they were the bones of a child two or three years old. The breast bone and ribs attached were first discovered, and afterwards other bones were found. The case should be investigated at once. The Coroner should go there and have the river thoroughly dragged, an examination made, and if they are human bones the matter should be sifted to the bottom.—Echo.

H. S. Kasey, employed at Carey & Taylor's planing mill, met with a severe accident yesterday afternoon, about 1 o'clock. He was sawing a plank with a small circular saw and rushed over to take the plank away when the saw caught the plank and drew his hand to it. All the tendons of his right wrist, one large artery and a small bone were cut. The wound was dressed by Drs. W. F. Sturman and J. J. Rodman. Kasey had been employed at the mill four or five days. He lives in one of Mayor Lee's houses in the lower part of the city. His family are in quite poor circumstances.—Owensboro Messenger.

Last Sunday as the congregation filed out of Pleasant Grove church, which is located a few miles below the city, each member was handed a paper by two young men who stood at the door for that purpose. Nothing was thought of the matter at the time and the papers were taken home to be read. The pastor of the church has since discovered, however, that the papers were edited by an infidel and that his flock has been imposed upon by two unbelievers. He was justly indignant at this outrageous treatment, and if the perpetrators of the trick are caught about there again, it will doubtless be made warm for them.—Owensboro Messenger.

The Central City Argus says: "Monday a man by the name of Joe McCarty, from Owensboro, struck the town and loaded himself up to the muzzle with bezine, and insisted on displaying his muscle, alleging that if it was necessary he could clean up the town. No one seemed inclined to dispute the assertion, so he concluded he would do up Capt. Sandusky. He called the Captain to one side to tell him something, but instead laid hold of his ear with his teeth and tried to bite it off. He then proceeded to abuse and curse the Captain, who got a pistol and a base ball club and made a charge on McCarty, who took to his heels and ran down to Schneider's establishment and tried to kick the door down. He was prevented by Judge Roll, and was arrested for drunkenness and disorderly conduct. He was placed in the lock-up and kept there about half an hour, and then plead guilty and paid off most of his fine. He is a bed spring man, and is said to be continually in a difficulty at every place he goes."

The State Teachers' Association.

How can we better celebrate the 4th of July, 1885, than by a grand demonstration of our enthusiastic devotion to the sacred cause of "Public Education?" The S. T. A. is the organized representative of this greatest of works, one which can never become a "Lost Cause" so long as the more than 1200 intelligent school men and women who are actively interested in the S. T. A., are faithful to their high trust. The next meeting of the S. T. A. is to be in Lexington, Ky., July 2-4 inclusive. More than 75 counties have promised delegations. Teachers, know your strength. No opposition can withstand the united efforts of the 1200 who have resolved not to rest until Kentucky stands fully abreast the most advanced in this enlightened age. Every man and woman whose name appears in the "Proceedings" of the next meeting of the S. T. A. is to be held in memory by Kentuckians for many generations. School men and women, resolve to make the self-sacrifice needed to enroll your names in this noble army warring against vice and ignorance! Be with us July 2-4. See! the railroad companies have nobly responded to our call; the people of Lexington have tendered to you greatly reduced rates of living. Every intelligent lover of Kentucky observes you. Do you love the children? Strengthen their love for you by responding to the call the times make upon you for devotion to our cause. 5,000 programmes—sent for a copy and get ready for the work. Send for "Proceedings" of last meeting, to understand the trend of affairs. Christian teachers, pray that we may understand our duty and dare to do it.

ROBERT D. ALLEN, Pres't S. T. Association, Farmdale, Ky.

In the Days of Clay.

In the year 1839, during the reign of the Whig party, a very exciting race was going on in the 9th Congressional District of Kentucky, between Dick French, the Democratic candidate, and Dick Menifee, the Whig candidate. Owen D. Grimes kept the Mad Lick Springs, in Bath county. The candidates had an appointment to speak there one day, and Mrs. Grimes, who kept the hotel, had a bear which had been sent to her from Arkansas. Mrs. Grimes was a lady that everybody liked and yet feared. A large crowd was present and the excitement ran high. Menifee, the Whig candidate, had made his speech, and French, the Democratic candidate, was replying, when Mrs. Grimes, who was a strong Clay Whig, and who did not want French to speak, called to the negro man to turn loose the bear, which broke up the crowd in a hurry and French did not get to speak.

Perhaps something in Web-foot will interest some of your readers, therefore I will give you a few items. Now, if I could write like some of your correspondents, my letters would not be so few and far between; for instance "Suggs" and Cundiff as regulars, and others equally as good, occasionally. By the bye, have not these men something to do with making the HERALD the equal of any and the inferior of none. But "Suggs" must not demolish "Schoolboy," for if there were none such there would be no peg to hang "Suggs" masterly penitence upon. If there was no evil there could be no good.

Times are quite stringent here owing to the low price of grain. The new crop looks as well as it possibly could. Many of our citizens whose means permitted, attended the Exposition at New Orleans.

I expect some of our Ohio county farmers, who think they know all about clearing ground, would think strange to see me shoulder my auger and go for those big fir trees, but I can tell you that an auger is the main tool in a clearing in the fir timber. We tore a hole down from the top and then intersect it with another from the side, then drop a fire coal in and blow it a little and it will burn off.

JOHN W. SUTTON.

The Elizabethtown News says, Judge Simral, of Louisville, has recently rendered a very important decision in reference to the pay of county assessors. Heretofore assessors have received a fee for taking all titles. Judge Simral decides that the assessor is not entitled to fee where there is nothing but a head tax. The matter has gone to the Court of Appeals and the auditor will not settle with the assessors until that tribunal decides the question.

FOR THE HERALD. WOMAN vs. MAN.

BY FITZ KENNEDY.

Industry of woman is absolute. And common among her sex, While that of man, without dispute, Is scarce without defects.

Her work in the morning is first begun, And extends to the latest hour, While that of his so soon is done, Who possesses twice her power.

Girls stay close to their employ, To quite a limited space; They say they do not want to be boys, But only want their place.

Of the farmers' shifty old ribs Could only the breeches wear, They'd surely have well furnished cribs And farms in better repair.

Why Eve beat Adam to the forbidden fruit, Was not because she was crazy, Not surely 'cause she was more a brute, But because old Adam was lazy.

Business had somewhat improved until the last week. It has been a most unfavorable season for handling tobacco. Not over 30 per cent of the tobacco has been carried out of the Green River Valley, but in the last few days shipments have greatly increased. I have recently been greatly distressed at noticing that scientists say \$300 years hence there will be another deluge caused by the ice melting at one pole and accumulating at the other, thereby displacing the earth's center of gravity, but it is best never to climb a hill before we get to it.

Health Hints.

It is now given out that too much coffee dries up the liver. Raw oysters are highly recommended as a cure for hoarseness.

To cure and heal a running sore, apply alum water twice a day.

For nose bleed, get plenty of powdered alum up the nostrils.

A simple remedy for neuralgia is to apply grated horseradish, prepared the same as for table use, to the temple when the face or head is affected, or to the wrist when the pain is in the arm or shoulder.

There is nothing better for a cut than powdered resin. Pound it until fine, and put it into an empty, clean pepper box, with perforated top, then you can easily sit it out on the cut; put a soft cloth around the injured member, and wet it with cold water once in a while. It will prevent inflammation and soreness.

The spring crop of tramps began to strike this place about ten days ago, since which time they can be seen daily. Some of them who are too proud to beg will pass themselves as agents for this or that and get a night's lodging at a hotel and then skip out, leaving the proprietor with the bag to hold. Others prowl through the country begging a meal here and there, telling some tale of misfortune as an excuse for their action. There should be a law against this, which would force them to go to work or keep them out of the community.

A Serious Accident.

A son of B. F. Faught, living on Green river, just above South Carrollton, was playing on his father's farm last Wednesday, when his horse became frightened and ran away. After tearing loose from the plow, the horse ran into the yard where several of the children were playing, and becoming entangled in the gearing, fell, falling on a little boy and little girl, crushing and bruising them in a fearful manner. The little boy had his arm badly broken and received severe internal injuries, and the little girl had one of her legs broken in two places, above the knee and in the knee joint, and is otherwise injured. Physicians are doing all that can be for the little ones, but it is said that there is but little hope of the little boy's recovery. Mr. Faught is formerly from this county, and his relatives and friends will regret to hear of his misfortune.

to lessen his advertising space, he took the fact as evidence that there was trouble ahead, and invariably went for the debtor." Said he: "The man who is too poor to make his business known by advertising is too poor to do business." The withdrawal of an advertisement is an evidence of weakness that business men are not slow to act upon.

A man registered at the Hartford House last Tuesday as Charles P. Dorman, claiming to be the same man who was arrested by the Marshals of Lewisport and Cloverport, recently, as one of the Dixon safe robbers, and taken to Evansville where it was ascertained that he was not the right man and was released. He remained in town until Tuesday morning, when he skipped out leaving his hotel bill unpaid. Dorman claimed to be representing a sewing machine office in Chicago. The last heard of him he was counting crosties on the C. O. & S. W. railroad above Beaver Dam. The impression here is, that Dorman is not representing any business and is a regular crook. A card in the Breckenridge News from J. H. Wills, Marshal of that city, who arrested Dorman, says the account of the arrest published in the Owensboro Messenger, is a tissue of errors from end to end, that and the Marshal Bowlingington paid Dorman's expenses to Evansville and back to Hawesville, and that they used no iron.

Circuit Court.

The May term of the Ohio Circuit Court commenced at the Court-house last Monday, with Judge Little, Commonwealth's Attorney Noe, Clerk Hardwick, Sheriff Hocker and Jailor Bean in prompt attendance. A large crowd was in town.

Judge Little's charge to the Grand Jury was as usual timely and interesting; he specially called the jury's attention to the moral responsibility and duty of parental instruction. The Judge is rapidly growing in favor with our citizens.

The following persons were summoned and duly impelled a the Grand Jury for this session of court, viz: J. T. Benton, foreman, G. W. Taylor, G. B. Thomson, G. W. Howard, W. P. Rinder, Jas. A. Rowe, C. P. Westerfield, Sam Sowders, A. B. Chapman, Geo. A. Brown, Thomas Morton, Thomas Felix, Robt. T. Rinder, J. C. Barnett, John Benton and W. H. Taylor;—who are good citizens and unfriendly to law-breakers. From what we can learn, the Grand Jury will not have much work to do this time, much important work. Our county is exceptionally law-regarding. It furnishes a most delightful contrast to the misdeeds of her disgraceful sisters in the eastern part of the State.

In the cases of Commonwealth vs. Richard Barnett and Commonwealth vs. Jas. Johnson, for gaming on another's premises, the defendants acknowledged their guilt and were fined by the court \$20 each.

The common law docket was arranged Monday, and appears elsewhere in this issue.

Smith, Sr., Joseph Petty, A. T. Hines, W. M. Stevens, D. P. Moseley, Wm. Royal, Jno. W. Black, Virgil Rounfow, R. B. Swain, W. T. Miller, J. L. Wade, B. W. Ambrose and S. T. Brown.

Adjourned a Luncheon.

John P. Johnston, son of James Johnston, Esq., living near Sulphur Springs, was brought to town last Friday and tried for larceny. He was very wild and boisterous and hard to manage, having to be tied hand and foot to be done anything with. The jury soon decided that he was of unsound mind, and J. W. Taber, J. W. Foreman and A. T. Hall were appointed to carry him to Hopkinsville, who left the same evening. Johnston is an industrious, sober young man and has an affectionate father and mother dependent on him for support. The cause of Johnston's affliction is not fully known, but it is supposed that a severe attack of sickness some years ago, coupled with aspirations which he seemed not to have attained, are some of the causes leading to his insanity. His affliction is deeply regretted by a large number of friends and relatives.

Miss Dore Bennett, of Beda, has been the guest of her uncle, Mr. C. C. Bennett, the past week. While here she favored us with one of her sweetest sermons. Death of Mrs. Belle Berry.

A telegram was received last Friday evening from Altona, Florida, announcing the sad intelligence of the death of Mrs. Belle Berry, wife of Dr. Samuel L. Berry, of flux, on the Tuesday previous. Her remains, accompanied by her husband, arrived at Beaver Dam Sunday evening, where they were met by quite a procession from Hartford, and escorted to the residence of Judge W. F. Gregory, where they remained until Monday evening, when they were taken to the family graveyard, on the premises formerly owned by Mr. W. C. Chapman, father of the deceased, and interred in the presence of a large number of relatives and friends. The remains were met at Cecilia by Mr. Wood English and wife, and Dr. Wm. C. Chapman, of Cecilia, and Mr. Byron Chapman, of Simpsonville, who accompanied the remains to Hartford.

Dr. Berry moved to Florida some three years ago, where himself and family enjoyed good health, until his wife was attacked with flux, which terminated her bright and happy life in the short period of six days. The husband, little son and relatives have our deepest sympathy.

OVER THE DARK RIVER.

Last Friday a dispatch was received here that Mrs. Dr. Sam Berry was dead. This sad event took place in Altona, Florida. There she had spent the winter and contemplated returning to this, her childhood home.

How sad that on the eve of a reunion on earth with loved ones, that the bitter little was placed to her lips, and her little boy, the idol of her heart, left motherless. To those who had lived in the warmth of her love and friendship, the cruel tidings of her death came with bewildering force and beggared the mind that expected to speak in loving tenderness to her son. But the Christian's hope is a reunion in that world beyond.

If the dear one has been called from sickness and the course of life, to enter a place which the heart of man cannot conceive on account of its felicity, why should we grieve?

Her death was as serene and grand as her life, the story of which reads like a tender poem. Like a bright star that is lost in the effulgence of noon she has disappeared from the earth, and we can only submit in prayerful humility, hoping that she has realized the beatitude of immortality.

Her dying words, spoken in tones of unutterable tenderness to the faithful husband, who bent lovingly over the love of his youth, were indeed consoling. Just before her spirit winged its flight to the House Beautiful; radiant and happy, she exclaimed: "Jesus has come," and this expression lingered, making her look even more beautiful in death.

Mrs. Mainee Hardwick played the requiem as the pall-bearers with uncovered heads and measured steps bore the casket, garlanded with floral designs, from Judge Gregory's to the altar in the Baptist church, of which she was a most worthy member. Dr. Coleman conducted the services in a grand and consoling manner so characteristic of himself. He spoke in such beautiful and eloquent terms, and the sweet character of the departed one was so touchingly portrayed.

She was interred in the family burial yard at her father's, Mr. Chapman's old home. The bereaved husband, father, sister and brothers have the tenderest sympathy of a large circle of friends.

Divine Service at Post No. 11 G. A. R.

In response to the National order of commander-in-chief of the Grand Army of the Republic to hold divine service at the Post hall on Sunday before Decoration Day, which will be on Saturday, the 30th inst., Sergeant Whittinghill Post held open service and invited two ministers of the gospel, Rev. J. J. Keown, of the Baptist church, and Rev. W. K. Dempsey, of the Methodist Episcopal church South, to preach for them. Sunday morning the 24th, being unfavorable, the congregation was small, but good and very attentive. Rev. W. K. Dempsey not being present, Rev. J. J. Keown, after addressing his text from the sacred stories of this old house, old Mt. Pleasant church, took his text from the Acts of the Apostles, X chapter 29th verse: "I ask therefore for what intent ye have sent for me." He spoke of the joy it gave him of having an opportunity of once more speaking in this old house of his boyhood recollection, of its wall and the many he had known who had worshipped here that had now crossed the dark river. By invitation of the Post, he left an appointment for the 4th Sunday in June, and will take for his text, The Bible.
